

Aircraft Cable Repair

J & B AVIATION SERVICES
A DIVISION OF GSE HOLDINGS INC.

Don't throw that unserviceable power cable away!

400Hz power cables represent a sizable investment in the aviation ground support arena. This is perhaps one of the most critical pieces of support equipment that takes the most abuse. If you have chosen J&B Aviation's ground power cables you have the most reliable high performance 400Hz power cable in the industry.

Save money and get the same quality you've come to expect from J&B !

A refurbished 400Hz power cable can save you hundreds of dollars and still provide the high level of reliability and performance. We can provide molded on 400Hz connectors ON/OFF, UP/DOWN switches LED indicators in a variety of configurations.

Wondering if that cable can be refurbished ?

Send it to us! With the provided form! J&B Aviation's experienced team will inspect and test your cable's at our ISO 9001 facility, and then recommend the repairs necessary to make your cable's serviceable.

Get your cable repair program started today, It's easy !

- Fill out the cable repair form on the back or go online and print it
- Send us the cable(s) with the form to the address provided
- Once we receive the cable(s) you will be notified on the repairs
- When you approve the repair we will ship the cable(s) back to you with a full warranty
